

# What's Happening Wednesday

## Kansas Immunization Program

November 12th 2015

### Vaccines for Children

**VFC Nurse on Call** -Nurse on Call is Betty Grindol [bgrindol@kdheks.gov](mailto:bgrindol@kdheks.gov) or 316-239-5970

### Chief Chat –

#### Immunize Kansas Coalition: Adolescent Immunization Recognition Awards

##### Call for Proposal

We want to remind everyone about the Immunize Kansas Coalition (IKC) Adolescent Immunization Recognition Awards. Providers interested in the recognition awards must register their intent by **November 30, 2015**. To view the full proposal, timelines and registration form, please click [here](#). We are encouraging all local public health departments, residency programs in family medicine or pediatrics and other providers and clinics directly involved in the delivery of adolescent vaccines to review the proposal and consider submitting your intent.

Stephanie Lambert will be handling on-call on Friday, November 13<sup>th</sup> as all of the other nurses will be attending the Immunization Symposium being hosted by the Mid America Immunization Coalition in Overland Park. Please understand that the nurses will be delayed in responding to you on Friday due to this educational opportunity. If you have an urgent need, please call Stephanie at 785-250-7165. Patti Kracht, Northeast Kansas Immunization Nurse Consultant will be on vacation next week (November 16 – 20) so if you are in her region and have a need, please contact Betty Grindol the November on-call consultant who will assist or triage your need to one of the other staff to assist.

Thanks to everyone who has been working so well with the flu vaccination efforts and for working with us as we all struggle through the delays of some vaccine presentations. We are continuing to receive allocated deliveries and should be at full capacity in the coming weeks. We have also placed orders for some additional presentations which we had underestimated and those are becoming available as well.

**Phil Griffin-Deputy Director, Bureau of Disease Control and Prevention**

### VFC Question of the Week-

**Q:** If a patient began the human papillomavirus (HPV) vaccine series with 4-valent HPV vaccine (4vHPV, Gardasil, Merck), can the series be completed with 9-valent HPV vaccine? Should a booster dose of 9vHPV be given to persons who have already completed the 4vHPV series

**A:** ACIP recommendations, published in March 2015 ([www.cdc.gov/mmwr/pdf/wk/mm6411.pdf](http://www.cdc.gov/mmwr/pdf/wk/mm6411.pdf), page 300), states that 9vHPV may be used to complete a series begun with a different HPV vaccine. There is currently no recommendation for supplemental doses of 9vHPV following a completed series of 2vHPV or 4vHPV.

## EPI Update-

### Vaccine-Preventable Disease Surveillance Indicators

Monthly reports are published on the completeness and quality of specific surveillance indicators for vaccine-preventable diseases (VPDs) in Kansas. These indicators are based on the Centers for Disease Control and Prevention (CDC) Manual for the Surveillance of Vaccine-Preventable Diseases. Progress towards these goals is reported to CDC. Data used for these reports are from cases reported to the Kansas Department of Health and Environment (KDHE). Each month, the completeness of measured indicators, timeliness for case acceptance, and the percentage of investigations that are completed on time are calculated and distributed to local health departments through the Epi Updates Newsletter. Improvements and lagging areas are highlighted in each report and the goal is to reach 90% or higher completion on all VPD indicators. Numbers for the month of [September](#) can be found in the October 2015 edition of the Epi Updates Newsletter ([http://www.kdheks.gov/epi/epi\\_newsletter.htm](http://www.kdheks.gov/epi/epi_newsletter.htm)).

**Mychal Davis- MPH, Bureau of Epidemiology and Public Health Informatics**

## Vaccine-Preventable Disease Outbreaks

### Pertussis “Whooping Cough” – RENO COUNTY:

Ninety pertussis cases have been investigated and linked to the outbreak; however, one new case has been identified and is currently being investigated. This means that the outbreak is not declared over and will continue to be monitored.

For updated case counts of any vaccine-preventable diseases, please visit the KDHE webpage at [http://www.kdheks.gov/epi/case\\_reports\\_by\\_county.htm](http://www.kdheks.gov/epi/case_reports_by_county.htm). Please note these numbers are preliminary and are subject to change based on case review. For any questions about reporting or for technical assistance please call the KDHE epidemiology hotline at 877-427-7317.

**Chelsea Raybern- MPH, Advanced Epidemiologist Bureau of Epidemiology and Public Health Informatics**

## Influenza Surveillance

Influenza-like Illness Network (ILINet) sites are monitoring patients for influenza-like illness (ILI) – symptoms include a fever ( $\geq 100$  degrees F) and the presence of a cough and/or sore throat. ILINet sites also submit up to two specimens for testing at the Kansas Health and Environmental Laboratories (KHEL). These specimens help monitor what types of influenza are present in Kansas. During the week ending November 7<sup>th</sup>, ILINet sites reported 0.9% of visits were due to influenza-like illness. This is below the regional ILI baseline of 1.7%. There have been no positive influenza specimens tested at KHEL.

## Influenza Vaccine Available

We currently have stock in the following presentations:

Updates to the available doses will be posted weekly in the What's Happening Wednesday newsletter. If you have questions regarding FluMist delays, how flu orders are filled, and availability, please refer to the 2015-2016 Seasonal Flu communication or contact Jackie Strecker at 877-296-0464 or [vaccine@kdheks.gov](mailto:vaccine@kdheks.gov).

2015-2016 PEDIATRIC SEASONAL FLU CHART - UPDATED 11/12/15

Manufacturer	Brand	NDC	Age	Presentation	VFC	Available	CHIP	Available
GSK	Fluarix Quad (IIV4)	58160-0903-52	36mos+	10 1 dose syringes		0		0
Novartis	Fluvirin (IIV3)	66521-0118-02	4 years +	10 1 dose syringes		540		0
Sanofi	Fluzone Quad (IIV4)	49281-0415-10	36mos+	10 1 dose vials		0		0
Sanofi	Fluzone Quad (IIV4)	49281-0415-50	36mos+	10 1 dose syringes		2512		0

## Immunization Action Coalition “Vaccinate Adults” Newsletter Posted

The focus of this issue is meningococcal vaccine recommendations for MenB and MenACWY, including many new related "Ask the Experts" Q&As from CDC medical officer Andrew T. Kroger, MD, MPH, and nurse educator Donna L. Weaver, RN, MN.

An updated version of IAC's 5-page "Summary of Recommendations for Adult Immunization" is also included, along with several additional items. Click here for the Newsletter: <http://www.immunize.org/va/va47.pdf>

# KSWEBIZ Trainings

## Aggregate Inventory Training

The Aggregate Inventory Training occurs the first Friday of every month from 10:30 -11:30 a.m. This call will go over the basics of the On Hand, Reconciliation (MIR submission) and Vaccine Ordering windows in KSWebIZ for Aggregate Users. Bring questions and examples of issues that your clinic is having with the end of the month reporting. **Please note:** this call is for KSWebIZ Aggregate Users Only! After registering, you will receive a confirmation email containing information about joining the webinar.

Register now for the date that works best for you! <https://attendee.gotowebinar.com/rt/6325908572768310795>

## Direct Entry Inventory Training

The Direct Entry Inventory Training occurs the first Friday of every month from 12 -1 p.m. This call will go over the basics of the On Hand, Reconciliation (MIR submission) and Vaccine Ordering windows in KSWebIZ. Bring questions and examples of issues that your clinic is having with the end of the month reporting. **Please note:** this call is for KSWebIZ Direct Entry Users Only! After registering, you will receive a confirmation email containing information about joining the webinar.

Register now for the date that works best for you! <https://attendee.gotowebinar.com/rt/2218486074629690891>

## New User Training

The New User Training occurs the second Friday of every month from 12 -1 p.m. This basic training is for new KSWebIZ users, or people who would like a simplified refresher training on how to use KSWebIZ. We will be going over log-in, adding history, administering vaccinations, printing consents and pink cards. If you are a new user, have a new token, or recently had a token transferred to you please take the time to sit in on this training! **Please note:** this call is for KSWebIZ Direct Users Only! After registering, you will receive a confirmation email containing information about joining the webinar.

Register now for the date that works best for you! <https://attendee.gotowebinar.com/rt/3511041157917578763>

## School Module Training

The School Module Training occurs the third Friday of every month from 9 - 10 a.m. This basic training is for new KSWebIZ school module users, or people who would like a simplified refresher training. **Please note:** this call is for KSWebIZ School Module Users Only! After registering, you will receive a confirmation email containing information about joining the webinar.

Register now for the date that works best for you! <https://attendee.gotowebinar.com/rt/2641307669137463042>

## Reports Training

The Reports Training occurs the fourth Friday of every month from 12 - 1 p.m. This training is for KSWebIZ users who are wanting to learn more about the KSWebIZ Reports. We will be going over the various reporting sections and how to generate reports within these sections. We hope you have time to sit in on this training! **Please note:** this call is for KSWebIZ Direct Users Only! After registering, you will receive a confirmation email containing information about joining the webinar.

Register now for the date that works best for you! <https://attendee.gotowebinar.com/rt/7098240724490261249>

## Vaccine Information Statements

Anthrax	3/10/10	MMRV	5/21/10
Chickenpox	3/13/08	Multi-vaccine	10/22/14
DTaP/DT/DTP	5/17/07	PCV 13	2/27/13
Hepatitis A	10/25/11	PPSV	4/24/15
Hepatitis B	2/02/12	Polio	11/8/11
Hib	4/2/15	Rabies	10/6/09
HPV (Gardasil/Cervarix)	5/17/13 and 5/03/11	Rotavirus	4/15/15
Influenza (LAIV4)	8-07-15	Shingles	10/6/09
Influenza (IIV3 or IIV4)	8-07-15	Smallpox	10/01/09
Japan. enceph.	1/24/14	Td	2/24/15
Meningococcal	10/14/11	Typhoid	5/29/12
MMR	4/20/12	Yellow fever	3/30/11
Tdap	2/24/15	HPV9	4/15/15

## Vaccine Redistribution

Please email any additions or changes to be made on the Vaccine Redistribution lists with subject matter "Redistribution" to [vaccine@kdheks.gov](mailto:vaccine@kdheks.gov) or call toll free at 1-877-296-0464  
[http://www.kdheks.gov/immunize/vaccine\\_redistribution.htm](http://www.kdheks.gov/immunize/vaccine_redistribution.htm)

**REMINDERS:** Providers may place the excess doses on the KIP Redistribution list if:

- 1) The vaccine has a minimum of 90 days and a maximum of 365 days before the vaccine's expiration date;
- 2) The ordering provider is responsible for any doses which expire on the redistribution list that have not been accepted for transfer to another VFC provider;
- 3) Providers accepting vaccine from the redistribution list are responsible for using the doses once they are transferred. KIP encourages providers to accept only doses they can administer before the expiration date;
- 4) The transferring and receiving provider will document these doses on their monthly MIR/reconciliation reports as transferred vaccines.
- 5) Once vaccine is transferred please contact KIP to let us know so we can adjust the redistribution list by either deleting the line or by reducing the amount of doses.
- 6) All vaccines must be in full boxes
- 7) The KIP nurse consultant who is on call must be contacted prior to transferring vaccine
- 8) Providers are responsible for keeping KIP notified if there is a change in amount of doses available for redistribution.
- 9) When placing an order, you may be contacted if the vaccine you are trying to order is on the redistribution list.
- 10) Varicella and Proquad, will not be posted on the VFC or Private Vaccine Redistribution List.

Frozen Varivax vaccines are very intolerant to out of range temperatures. To prevent potential vaccine waste the Kansas Immunization Program requests that Varivax containing vaccines not be transferred to other providers.

Questions regarding transporting vaccine call 877-296-0464 to request assistance.

## Adolescent Immunization Recognition Awards

---

Calling all Kansas providers working to improve immunization rates! The Immunize Kansas Coalition (IKC)—formerly known as Immunize Kansas Kids—seeks to **provide recognition awards** for local quality improvement activities that support **evidence-based practices and measurable increases in Human Papilloma Virus (HPV) and meningococcal vaccination rates** among adolescents in Kansas.

### **Who is eligible? (Kansas only)**

1. Local public health departments;
2. Residency programs in family medicine or pediatrics; and
3. Providers and clinics directly involved in the delivery of immunization services for adolescents.

KC wants to recognize these activities because Kansas adolescents rank 47<sup>th</sup> in the nation for HPV vaccination rates among girls age 13-17, according to the 2014 National Immunization Survey. Kansas also ranks among the lowest for meningococcal vaccination. **Three awards, \$5,000 each,** will be given following the successful demonstration of an immunization rate increase in a clinical practice setting. Providers interested in the recognition awards must register their intent by **November 30, 2015.**

To view the full proposal, timelines and registration form, please click [here](#).

MID AMERICA IMMUNIZATION COALITION PRESENTS

# IMMUNIZATION SYMPOSIUM 2015

## WHO CALLS THE SHOTS?

### DATE:

**FRIDAY, NOVEMBER 13, 2015**

### TIME:

**7:30 a.m. - 4:00 p.m.**

### LOCATION:

**OVERLAND PARK MARRIOTT  
10800 METCALF AVENUE  
OVERLAND PARK, KS 66210**

### FEATURED SPEAKERS:

**Paul Offit, MD**  
Chief, Division of Infectious  
Diseases and Director, Vaccine  
Education Center, Children's  
Hospital of Philadelphia

**William Atkinson, MD, MPH**  
Associate Director of Immunization  
Education, Immunization Action  
Coalition, Saint Paul, Minnesota

### TO REGISTER:

**CONFERENCE REGISTRATION: \$65**  
**WWW.MCHC.NET**

**MAIC HAS ROOMS RESERVED AT A GROUP RATE OF \$99.**  
**PLEASE CALL THE HOTEL AT 1-800-228-9290 AND REFERENCE**  
**THE MID AMERICA IMMUNIZATION SYMPOSIUM.**

### OBJECTIVES:

- ▶ Describe how media impacts perceptions of vaccines/immunizations.
- ▶ Apply lessons learned from past measles epidemics to prepare for future outbreaks.
- ▶ Describe the HPV vaccine as a cancer prevention vaccine.
- ▶ Review current ACIP recommendations to address on-going vaccine issues.
- ▶ Develop strategies to employ when talking with parents about vaccines.
- ▶ Describe an approach to immunizations in today's mobile world.
- ▶ Formulate a plan of action to promote vaccine best practices.

**MID AMERICA IMMUNIZATION COALITION**  
**IS A PROGRAM OF**  
**MOTHER & CHILD HEALTH COALITION**  
**WWW.MCHC.NET**

This program is joint-provided by Mother & Child Health Coalition and Children's Mercy Kansas City.

This educational activity has been awarded 5.5 contact hours.

Children's Mercy Kansas City is an approved provider of continuing nursing education by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
